

# Make Sock Mice!

Have you ever lost a sock or gotten a hole in just one sock? Wondering what to do with the other sock? You can make sock mice!

## Supplies:

Spare ankle socks

Cotton batting or cotton balls

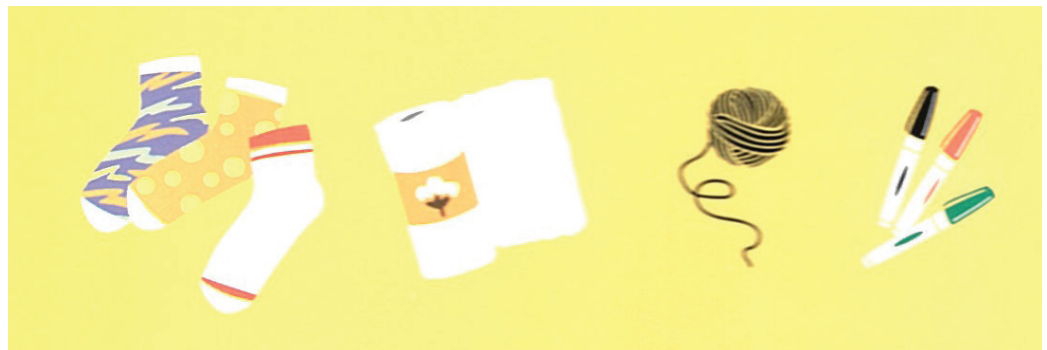

Yarn

Felt

Scissors

Needle and thread

Permanent markers

## How to:

Stuff an ankle sock with cotton batting or cotton balls and tie the open end of the sock with yarn. Leave some of the yarn trailing behind as the tail. Draw the mouse's eyes, nose, and whiskers on the toe of the sock. Cut out small felt ears and sew them on the top of the mouse's head. Now you have a sock mouse!
